SOUVENIR

First Annual Convention

of the
United Farmers of Canada

Saskatchewan Section

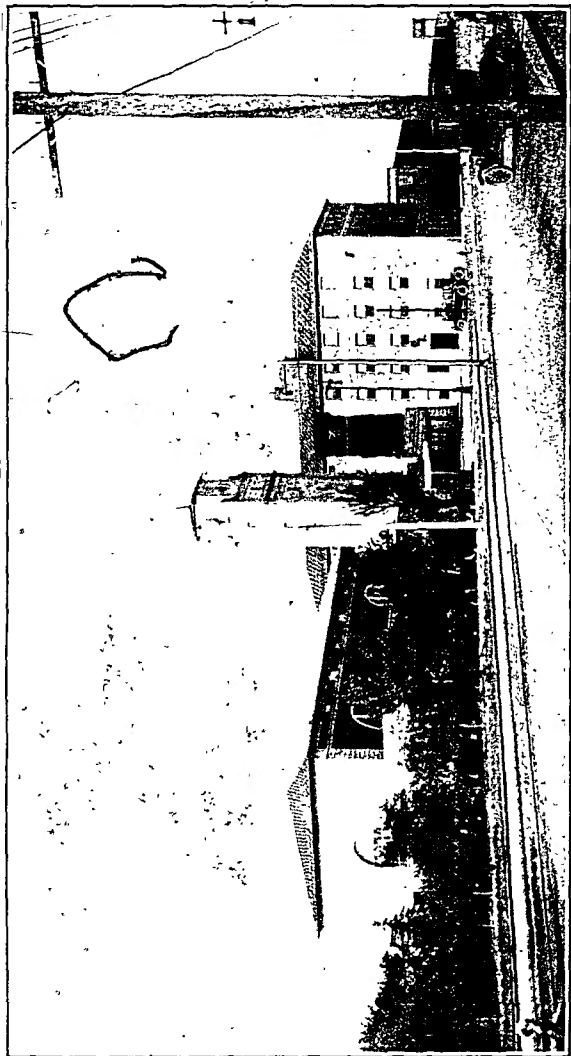

Printed and Published by the Saskatchewan United Farmers Association, Moose Jaw, Saskatchewan, Canada

Moose Jaw is the Railway Capital of Saskatchewan

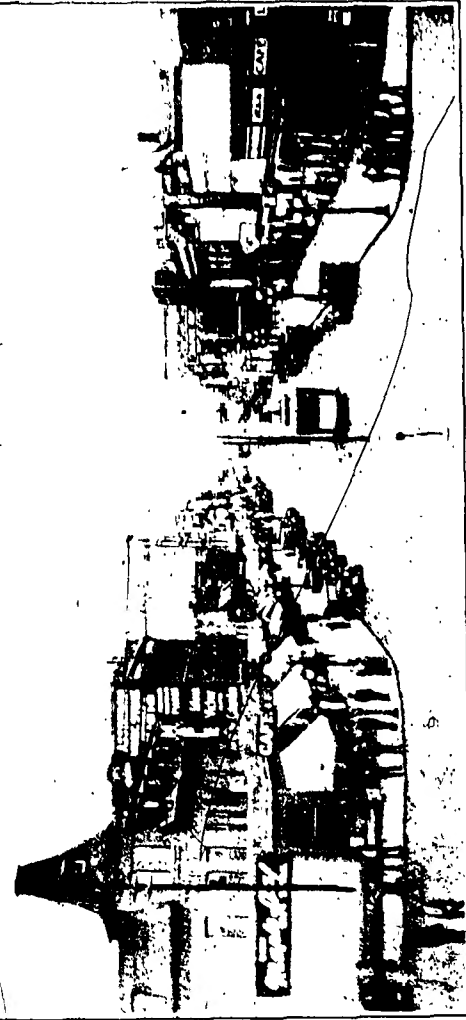

Headquarters for the Province of the Canadian Pacific Railway; Canadian Terminus of the Soo Line running to Minneapolis, St. Paul and Chicago, and a subdivisional point on the Canadian National Railways.

Now that the Canadian National Bridge has been completed over the South Saskatchewan River at Elbow direct rail connection is afforded to all Northern Saskatchewan. This opens up a farming territory of considerable promise. It is North-West of the Saskatchewan, near Elbow, that the Province controls the valuable grazing leases formerly held by the Matador Ranch Company.

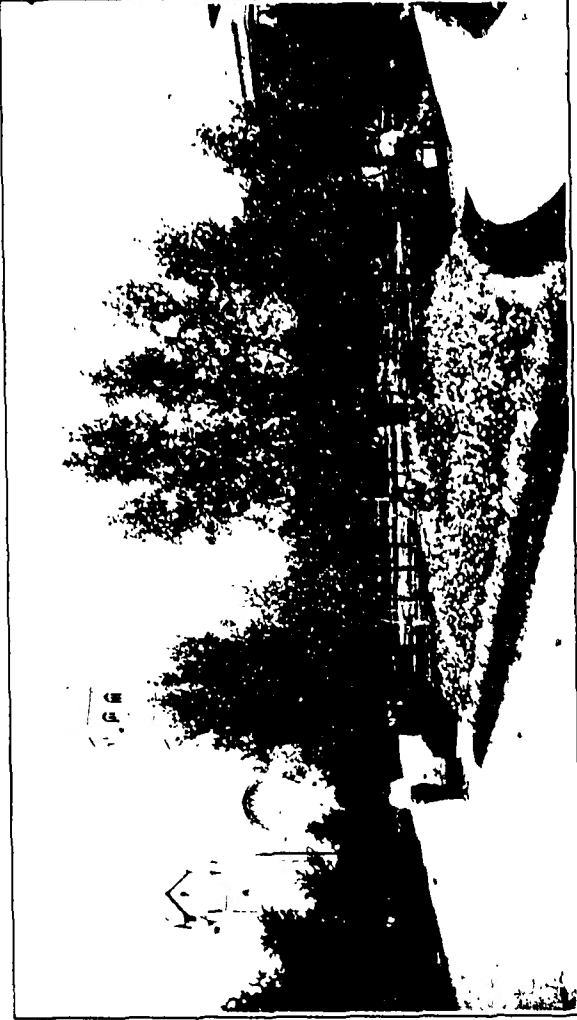

It is of interest that the distribution of population throughout the Province is such that for any society or association whose activities extend throughout Saskatchewan cheaper pooling of fares for convention purposes can be arranged to Moose Jaw than to any other large central point.

 2526, 2527, 252

More than half of the respondents indicated that they had used the reference information services at least once in the past 12 months. In contrast, only 10% of the respondents indicated that they had used the online services in the last 6 months. The majority of respondents indicated that they had used the reference services for seeking books and journal articles.

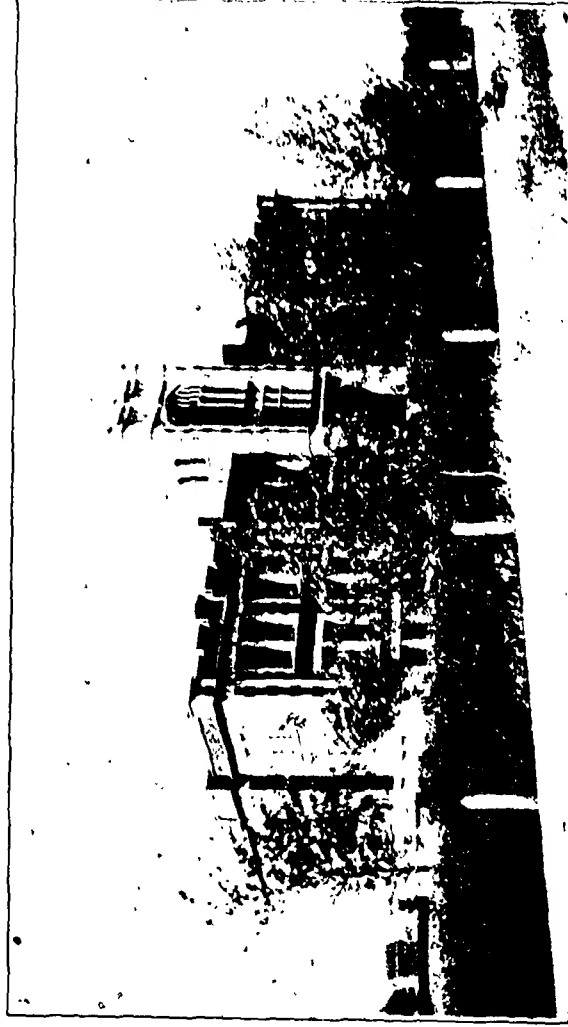

(no of the m.c) is called selection

AGRICULTURE

The Moose Jaw District is a prosperous, well settled territory; crops are noted for uniform quality and high yield. Although its productive capacity has not yet been fully developed, its annual production of wheat alone exceeds 70,000,000 bushels. Stock-raising, dairying, and poultry-raising are increasing rapidly. The City possesses one of the three Canadian Government Interior Storage Elevators with a capacity of 3,500,000 bushels, also the plant of the Saskatchewan Registered Seed Growers' Co-operative Association Ltd. The Association distributes large quantities of registered and clean grain, grass and sweet clover seeds throughout the West, and is building up an export trade. The unique record of the Moose Jaw Agricultural Society which won all the honors of the Provincial Seed Grain Fair at the University at Saskatoon for seven consecutive years, 1919 to 1925 inclusive, was due, in large measure, to the use of registered seed. The co-operative farmers' movement had its birth and first home at Moose Jaw.

A River Scene in Wellesley Park

Canoeing on the River is a popular pastime

The Mills have a daily capacity of 4,000 barrels of flour, 1,250 barrels of cereals

The Stock Yards can care for 5,000 head at one time

Industrial Activity

Moose Jaw takes a just pride in the growth and development of its industries. The Robin Hood Mills, which usually operate day and night, have the largest flour and cereal mill west of Winnipeg. The Swift-Canadian Company Limited have a daily capacity of 1,700 hogs, 1,000 sheep and 600 steers. The Harris (Western) Abattoir Co. Ltd. contemplate the necessity of enlarging their new plant built in 1926. The Moose Jaw Brewing Co. Ltd., have for the past year operated here on an extensive scale. There are three creamery plants, equipped with the most modern machinery and producing a large output of butter and ice cream. A cash and door factory, bottling works, and an iron foundry are steadily enlarging their production.

Wholesale Distribution

The fact that it has some fifty wholesale houses indicates that Moose Jaw has these men are taking advantage of the exceptional location as a distributing centre. The railway service is of the best.
